PART 2: Check each item before going to tech—once it’s OK, initial @ "Team Rep’s Initials"

**DRIVER IN CAR** Start the inspection with engine running & driver strapped in

- Exhaust Noise: Street-legal or quieter (max 92dB @ 50 feet @ WOT)
- Brake Light(s): Working and easily visible
- Kill Switch: Clearly marked; driver- and rescuer-reachable; kills @ 3K rpm; hot posts covered
- Driver Access: Reasonable ingress and egress
- Driver’s Seat: One-piece racing seat; solid to car; seatback correctly restrained or braced
- Rollcage: Correct design, materials, mounting, welding, padding (see Rulebook Section 3.5)
- Seatbelts: 2 yrs or newer; correct type, angles, wrapping, & mounting
- Onboard Fire Suppression: Correct type, size, and installation; fully charged
- Cockpit General: All wires, hoses, etc secure; no airbags; mirrors OK; no fuel or oil lines

**UNDER CAR & EXHAUST**
- Exhaust: Won’t heat fuel; routing, design, fab, length, mounting, and durability ok
- General Underbody Sanitation: No major leaks or other obvious issues

**EXTERIOR**
- Race Numbers: Correct number; big, clear, easy to read; on both sides & hood or roof
- Tires: DOT street legal, 190 treadwear or higher
- Sunroofs, T-Tops, Convertibles: Fully closed (or team must show arm restraints)
- Crap Ain’t Falling Off: No loose or likely-to-bust-off trim, decorations, etc
- Bodywork: Has all fenders & doors; has OE hood; OE crush zones intact and strong

**ENGINE COMPARTMENT & TRUNK**
- Fuel Leaks: None allowed
- Battery: Hot posts covered; securely mounted (feels like part of the car); no rubber straps
- Cooling System: Pure water only—no glycol or other additives; working catch tank
- Engine Firewall: Absolutely no holes or gaps
- General Sanitation: Wiring, hoses, etc. nicely secured; no random crap strewn around

**FUEL TANK OR FUEL CELL** Read and understand Rulebook Section 3.8 thoroughly
- Fuel Tank or Cell: In OE or safer location; correct mounting, lines, fittings, vents, etc.
- Fuel Bulkhead: Unbroken metal barrier between non-FIA tank and driver compartment

**TEAM REP:** **THE STATEMENTS BELOW LIMIT OUR LIABILITY—READ CAREFULLY BEFORE YOU SIGN!**

- I hereby certify, affirm, and verify that this vehicle’s fuel-storage and delivery equipment meets current Lemons rules and that all required certifications, if any, are current; I am aware of, and have followed, all manufacturer-recommended inspection and replacement schedules.
- I hereby certify, affirm, and verify that this vehicle’s fire-suppression and/or fire-extinguishing equipment is fully charged at this time; meets or exceeds current Lemons rules; meets or exceeds all manufacturer guidelines; and that all required certifications, if any, are current.
- I understand that this inspection is in no way a certification, representation, or guarantee that this vehicle is fit or safe to race. I understand that I am solely responsible for determining this vehicle’s safety, fitness to race, and compliance with Lemons’ rules. I understand that serious injury or death may result from competing in this vehicle. I agree that this inspection does not imply any liability on the part of the inspectors, track, or organizers. I agree to pay, indemnify, and/or otherwise hold harmless DriversDoor Inc., its agents, assigns, and/or employees from any claims, litigation, or liability arising from this inspection.
- I have prepared and inspected this vehicle and take full responsibility for its condition and fitness. I am a legal adult and have sufficient knowledge of this vehicle at this time to make each and all of the representations implied or presented above.
